

Stem Cell Infusion Facial

Stem Cell Infusion Facial

Signs of Aging Collection Level 2: Advanced Therapy

Recommended For:

All skin types showing signs of aging.

Menu Treatment Description

This restorative facial gets complexions in touch with their inner porcelain. How? Watch skin thinning, crisscrossing fine lines and crepe-like texture become a thing of the past. Exfoliation, treatment mask and serum all feature a potent mélange of bioactive peptides and allied ingredients that penetrate to where they're needed to encourage the formation of new collagen, the skin's support structure that is the foundation of youthful elasticity. At the same time, liposome-encapsulated fruit stem cells plus lactic acid deliver a deep infusion of nourishing hydration. Best done in a series or as a monthly anti-aging maintenance program as cumulative collagen synthesis builds over time.

Product Overview:

- Anti-Aging Cleansing Gel
- Soothing Chamomile Eye Makeup Remover
- Balancing Tonic
- Revitalizing Cream Peel

- 4x 4 Cotton Squares or Sponges
- 2 Fan Brushes
- Plastic Wrap Strips
- Q-tips
- High Frequency
- Steamer

Treatment Duration:

60 Minute Spa Advanced Therapy

Stem Cell Infusion Facial

Cleanse Phase – Time 5-7 minutes

Step 1 Begin facial cleanse while lightly steaming and warming up the skin. Apply **Anti-Aging Cleansing Gel** (warm up hands with product by placing hands under steam) cleanse face, neck and décolleté. Rinse and Remove.

Step 2 Spray a small amount of **Soothing Chamomile Eye Makeup Remover** on a tissue or cotton pad and remove eye makeup.

Step 3 Perform second cleanse with **Anti-Aging Cleansing Gel**, cleanse face, neck and décolleté. Rinse and remove.

Step 4 Spray **Balancing Tonic** onto a tissue or cotton pad and then apply to the entire face, neck and décolleté.

Skin Analysis and Exfoliation Phase – Time 10-15 minutes

Step 5 Perform Skin Analysis

Step 6 Measure approximately ½ -1 flat teaspoon of **Revitalizing Cream Peel** depending upon area to be treated. With a semi-stiff fan brush, thinly apply peel to the face, neck and décolleté. Avoid eye lids or any other highly sensitive areas. Leave on 2-4 minutes, depending upon skin type then remove with cotton pads, sponges or towels with water. Client may feel mild tingling initially.

Step 7 Spray **Balancing Tonic** on a tissue or cotton pad and apply to the skin to restore the skin pH balance, hydrate and soothe.

Step 8 Perform gentle extractions and High Frequency if needed. LED light therapy may also be used at this time if desired.

Massage Phase – Time 10 minutes

Step 9 Perform facial massage with **Hydra Calm Massage Oil**, while lightly steaming the skin if desired. Apply a very small amount to hands and begin massage. No need to remove all the oil completely as **Hydra Calm Massage Oil** is a “breathable” non occlusive massage medium. Tissue off excess if desired.

Mask Phase – Time 10-15 minutes

Step 10 Apply **Ultra Peptide Cream Mask** liberally with a fan brush. Leave on for 7-10 minutes. It is recommended that additional shoulder, neck and/or scalp massage be performed at this time for approximately 5 minutes while the mask is on the face. Remove with warm towels.

Treat, Moisturize, Protect Phase – Time 3-5 Minutes

Step 11 Apply a small amount of **Firming Tri-Peptide Serum** to your hands and then massage into face, neck and décolleté.

Step 12 Apply a small amount of **Stem Cell Firming Moisturizer** to your hands and then massage into face, neck and décolleté.

Step 13 Finish Facial with a light application of **Collagen Eye Defense** around the eye area, and **Tinted Moisturizer SPF 30** to entire face, neck and décolleté.
