CORE PRODUCTS

Balancing Thermogel Mask

Description
Helps restore hydration to the skin. Cooling and calming, this mask balances parched skin with anti-inflammatory properties. Ideal for re-hydrating skin back to normal after sun exposure or seasonal dryness.

Skin Conditions
For all dehydrated skin.

Sizes Available
2.5 oz., 6 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Aloe Vera
Known for its anti-inflammatory and antibiotic properties. Aloe Vera is made up of the most precious substances of our skin – enzymes, vitamins, proteins, and minerals that support all skin functions and activate the skin's self-healing power. Aloe Vera helps maintain the skin's moisture balance and stimulates blood circulation. It has been used to calm and soothe burns and irritations. It also moisturizes.

Panthenol
This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment makes it provide added hydration and suppleness to the skin.

Allantoin
An excellent ingredient for sensitive, acneic, and irritated skin conditions. It is a botanical extract derived from comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

Chamomile
Chamomile Extract has many beneficial properties including being anti-inflammatory, soothing, decongesting, antiseptic, and toning. It is anti-itching and bactericidal with an ability to neutralize skin irritations. Excellent in the treatment of inflamed, itchy, or irritated acneic conditions.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serves as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Sodium Hyaluronate
Credited with incredible water binding capabilities, which in turn helps improve the skin's elasticity and increasing moisture content. Considered a natural moisturizer for the skin this is a must-have ingredient for dry, dehydrated skin types.

Benefits
- Calming and soothing
- Hydrating for dry, dehydrated skin

Usage
Apply liberally with fingers or fan brush. Leave on 7-10 minutes, and then rinse with water. For very dehydrated skin, apply a second coat. May be left on overnight if needed for dehydration. May be used as often as needed (3-5 times per week) to restore hydration.

CORE PRODUCTS

Balancing Tonic

Description
This hydrating tonic balances the skin's pH balance and helps restore the skin's protective acid mantel and removes any surface debris. Also excellent post-peel (chemical, laser, microdermabrasion) as a skin soother and hydrator.

Skin Conditions
For all skin types.

Sizes Available
6.7 oz., 18 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Aloe Vera
This plant extract improves the circulation and regenerates the cells. Its effects are soothing, astringent, and protecting. Aloe has been recognized for many years as also being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skins, rosacea conditions, and dry skin.

Allantoin
An excellent ingredient for sensitive, acneic and irritated skin conditions. It is a botanical extract derived from comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

Panthenol
This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment allows for added hydration and suppleness to the skin.

Citric Acid
This antioxidant ingredient plays an important role in lightening discoloration and has an astringent quality beneficial to all skin types.

Sodium PCA
Serves as a high-performance humectant as it increases the skin moisture content. Derived from amino acids, Sodium PCA is beneficial for all skin types that are dehydrated.

Benefits
- Removes impurities
- Balances pH levels
- Calming for dehydrated or irritated skin

Usage
Using a cotton pad, apply to entire face and neck. Repeat if desired.

POWER TOOLS

Beta Peel 22% (pH 3.0)

Description
This deep clarifying treatment peel refines and resurfaces by actively exfoliating the top layers of the stratum corneum, enabling it to penetrate, rid the pores of acne-causing build-up and help fade hyperpigmentation.

Skin Conditions
All skin types. Targeted for active acne or acne-prone skin.
DO NOT USE IF ALLERGIC TO ASPIRIN.

Sizes Available
6 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Salicylic Acid (22%)
In a low percentage, salicylic acid helps dissolve the top layer of the stratum corneum very gently, dissolving the flaky dead cells that are often a side effect. This also allows the other active ingredients to penetrate and act more effectively below the surface of the skin. This ingredient is derived from the bark of sweet birch and the leaves of the wintergreen plant.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serves as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Panthenol
This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Mallow Extract - Highly anti-inflammatory, mallow extract has been used for centuries in the treatment of wounds. When in contact with water, this extract, derived from leaves and flowers of Malva sylvestris, swells and forms as healing gel.

Benefits
- Dissolves pore-clogging debris
- Reduces acne lesions and inflammation
- Fades post-blemish hyperpigmentation
- Diminishes and helps prevent scarring

Usage
After cleansing, apply a thin coat with a fan brush to face and neck. Avoid eye, nose, and mouth openings. Client may experience a mild tingle and the skin will become pink. Leave on 2-4 minutes. Remove completely with a wet towel or sponge.

A series of 8 to 10 treatments, performed weekly, will progressively improve skin texture, pigment, brightness and tone, and often control many types of acne. For clients looking for an intensified boost, most complexions can tolerate an8-week series twice a year. Also excellent as part of monthly maintenance facial.

SENSITIVITY/REDNESS

Botanical Soothing Cream SPF 30

Description
Aloe vera, vitamin E and vitamin A join forces with nourishing lipids to reduce the redness and flushing that result from vascular overstimulation. Provides full spectrum sunscreen protection.

Skin Conditions
For reddened, inflamed or Rosacea-prone skin.

Sizes Available
2.5 oz., 6 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Octinoxate (6%)
This ingredient is an excellent UV absorbing sunscreen. It is nonallergic, non-comedogenic.

Octisalate (5%)
Absorbs ultraviolet light, protecting skin from the harmful effects of exposure to sunlight.

Oxybenzone (3%)
A safe and effective sunscreen ingredient that is one of the most effective and highest rated substances to absorb UVA and UVB rays.

Zinc Oxide (2%)
Blocks both UVA and UVB rays. It provides the broadest spectrum protection of any single sunscreen ingredient.

Aloe Barbadensis Leaf Juice
This plant extract improves the circulation and regenerates the cells. The effects are soothing, astringent, and protecting. Aloe has been recognized for many years as being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skin, rosacea conditions, and dry skin.

Vitamin E (Tocopherol Acetate)
Absorbed through the skin when applied topically, it is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Wheat Germ Oil
Known to be antioxidant and serves as a free radical scavenger.

Alpha Hydroxy Acid (AHAs)
In this formulation a combination of naturally derived alpha hydroxy acids occur in the form of Lemon, Orange, Sugar Maple, and Cane Sugar extracts.

Honey Extract
This extract is composed of a variety of sugars, vitamins, enzymes, and amino acids. It works well when blended with other skin care ingredients and softens and moisturizes the skin. It creates a watertight film and permits the skin to re-hydrate itself.

Benefits
- Helps reduce flushing, redness, and vascular stimulation
- Protects, calms, soothes and softens the skin
- Moisturizes as it protects from the sun

Usage
Apply generously with fingers to entire face and neck. Use daily.

SENSITIVITY/REDNESS

Calming Balm

Description
This lightweight, non-comedogenic gel sooths the skin. Reduces irritation, including peeling skin, inflamed acne or situational dryness.

Skin Conditions
For sensitive, irritated or tender skin.

Sizes Available
2.5 oz., 6 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Hydrocortisone (0.1%)
An ingredient used to calm down irritation and reduce itch. Hydrocortisone has been used for years in the treatment of poison ivy and insect bites to reduce itching.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Shea Butter
Protects and moisturizes the skin. It is beneficial in a treatment cream as it offers excellent skin penetration and is highly emollient.

Lemon Peel Extract
This fragrant essential oil extract is excellent in the treatment of problem skin. It is considered astringent, antiseptic, antibacterial, and balancing.

Benefits
- Reduces itchy, dry, red or over stimulated skin
- Light, easy penetrating and non-comedogenic
- Heals, calms and soothes skin
- Creates a light barrier to protect the skin from the elements without feeling greasy

Usage
May be used once or twice a day to calm the skin. Makes the skin feel soothed and balanced.

CORE PRODUCTS

Ceramide Daily Cream

Description
A daily moisturizer that helps maintain the skin's optimum water content. With appropriate moisture, skin looks, feels and functions the way younger skin does.

Skin Conditions
For normal, dry and dehydrated skin.

Sizes Available
2.5 oz., 6 oz.

Featured Actives

Ceramide 3
(Derived from Millet) - Approximately 40% - 50% of the skin's stratum corneum is made up of ceramides. Ceramides are lipids that are composed of sphingosine and fatty acids, both of which the skin needs to function correctly and hold onto water. The use of exfoliators such as AHA's, photo damage and harsh cleansers, the ceramide content in the skin can be compromised. Unlike oils and humectants, Ceramide 3, builds up over continued use to create "humid skin" helping reduce skin sensitivity and dryness.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed to reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Vitamin A (Retinyl Palmitate)
This essential vitamin for the skin favors tissue growth, helping improve the skin smoothness, firmness and texture. Applied topically, Vitamin A helps prevent scaling and dryness. Once Vitamin A esters enter the skin, they convert to retinoic acid and provide rejuvenation benefits as well as help the skin fight off infection. An excellent aid to healing damaged skin tissue.

Aloe Vera
Known for its anti-inflammatory and antibiotic properties. Aloe Vera is made up of the most precious substances of our skin – enzymes, vitamins, proteins, and minerals that support all skin functions and activate the skin's self-healing power. Aloe Vera helps maintain the skin's moisture balance and stimulates blood circulation. It has been used to calm and soothe burns and irritations. It is also moisturizing.

Glycerin
Helps the skin retain moisture.

Safflower Oil
This botanical seed extract is known to be hydrating and is excellent carrier oil. Safflower oil is non-comedogenic.

Benefits
- Help reduce moisture loss to dehydrated and dry skin
- Absorbs easily and feels silky when applied
- Unlike oils alone, Ceramide 3, builds up over continued use to create "humid skin" helping reduce skin sensitivity and dryness
- Calms and soothes the skin

Usage
Apply daily or as often as desired when the skin needs balance and moisturizing.

ACNE

Exfo Tonic

Description
This exfoliating antiseptic tonic helps control excess oil, dissolve hardened cellular debris and lighten post-blemish hyperpigmentation. Not suitable for sensitive skin.

Skin Conditions
For thicker, oily skin on the face, chest and back.

Sizes Available
6.7 oz., 18 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Glycolic Acid (3%)
Dissolves the intercellular cement responsible for abnormal keratinization. In acne-prone skin, this is of particular importance as the pore gets clogged and filled with keratinized debris. Glycolic acid helps with both dry and oily conditions, it dissolves the dry and thick layers of the skin and unclogs the pore as well as helping other nourishing products and ingredients penetrate. The stimulation achieved by a therapeutic glycolic product also increases circulation, smooths uneven skin, and improves the overall functioning of the skin. Another well-known benefit of glycolic acid is its ability to dissolve and lighten surface hyperpigmentation.

Salicylic Acid (2%)
Aids in dissolving the top layer of the stratum corneum by virtue of its keratolytic nature. Salicylic acid is a chemical derived from the bark of sweet birch and leaves of wintergreen. In the 2% concentration, it has the most impact with respect to exfoliation at home. Known for its antiseptic qualities as well, this ingredient is excellent for most skin types, except very dry or sensitive skin. The 2% concentration is much higher than the over-the-counter strengths that are typically much lower in strength - (in the neighborhood of .05% - often not strong enough to get the intended results).

Witch Hazel Extract
Known for its astringent properties, Witch Hazel extract is also toning, anti-inflammatory, and regulating. Derived from the leaves and bark of the tree, also known as Hamamelis, it has a proficient vasoconstrictor effect that is excellent for inflamed irritated or acneic skin conditions. Research has shown that Witch Hazel is effective against free radicals and acts as a UVA and UVB absorber. It is also used in ointments for the treatment of sunburns, bruises and insect bites.

Benefits
- Controls sebaceous secretions
- Exfoliates the epidermal congestion
- Helps lighten hyperpigmentation
- Astringent and antiseptic

Usage
Apply or spray onto tissue pad, then apply to entire face or just acne-prone areas as needed. May be applied once or twice daily.

CORE PRODUCTS

Gentle Facial Wash

New and improved formula

Description
This gentle foaming facial wash calms, balances, and helps restore hydration as it cleanses skin.

Skin Conditions
This cleanser can be used not only for sensitive or normal skin, but any time the skin feels dehydrated due to the environment, topical exfoliators, AHA's, retinols, or medications.

Sizes Available
6.7 oz., 18 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Oat Straw Extract
Similar to colloidal oats, this extract helps reduce itching, add moisturization, and reduce skin irritations. Oat straw (Avena Sativa) is a green oat grass that comes from tops of oat grass that comes from the tops of oat plants.

Honey (Organic)
Research shows that honey has antimicrobial properties, anti-inflammatory benefits, and promotes wound healing. According to the same study, antioxidants in honey produce anti-inflammatory effects. Historically, honey has been recognized around the world for its healing properties with records of its therapeutic use dating back to 2000 B.C. The ancient Greeks and Egyptians used honey to treat skin wounds and burns by applying topically on the skin.

Niacinamide
A form of vitamin B3 that has been shown to improve the skin's barrier function and improve the skin's natural production of ceramides. Niacinamide has been shown to have a brightening effect on skin thereby helping reducing hyperpigmentation. It works by inhibiting the transfer of melanosomes from melanocytes to keratinocytes. Lastly, niacinamide has been shown to have anti-inflammatory properties to soothe and calm skin.

Aloe Barbadensis Leaf Juice
Known for its anti-inflammatory and antibiotic properties. Aloe Vera is made up of the most precious substances of our skin – enzymes, vitamins, proteins, and minerals that support all skin functions and activate the skin's healing power. Aloe Vera helps maintain the skin's moisture balance and stimulates blood circulation. It has been used to calm and soothe burns and irritations, and it is moisturizing.

Alpha-Glucan Oligosaccharide
A prebiotic known to help maintain and support the skin's natural microflora and that has water-binding abilities. A skin protecting ingredient obtained by enzymatic synthesis from natural sugars (sucrose and maltose). It also stimulates the antimicrobial peptide release by keratinocytes (skin cells).

Panthenol
This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment helps it provide added hydration and suppleness to the skin.

Benefits
- Helps soothe and calm the skin
- Hydrates the skin as it cleanses
- Cleanses without stripping the skin

Usage
Use twice daily. Apply to damp skin and massage into the skin then rinse.

POWER TOOLS

Gly Peel 33% (pH 3.0)

Description
By rapidly exfoliating epidermal cells, it instantly unclogs pores, smooths texture and clarifies the complexion.

Skin Conditions
All non-sensitive skin types. Targeted for sluggish, unevenly textured or acne prone skin.

Important Note: This treatment should not be performed on any client who suffers from any skin condition or disease such as lupus, cancer, eczema, psoriasis, or herpes. Do not use on persons who are currently on Accutane medication or who have taken this medication

Sizes Available
8 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Glycolic Acid (33%) (3 pH)
Dissolves the intercellular cement responsible for abnormal keratinization. For the treatment of hyperpigmentation, it aids the other active ingredients in penetrating the skin and reaching the target melanocyte cells, as well as exfoliating the surface pigmentation that becomes darker due to sun exposure

Citric Acid
This antioxidant ingredient plays an important role in lightening discoloration and has an astringent quality, beneficial to all skin types. Also known as Vitamin C, it is considered the most important water-soluble antioxidant as it acts as a collagen biosynthesis regulator.

Urea
Known for its antiseptic, anti-inflammatory properties as well as its ability to regulate the hydrolipid mantle. It helps increase the absorption of other active ingredients and relieves itching as well as dissolves follicular debris in the corneum layer.

Benefits
- Dissolves pore-clogging debris
- Smooths fine lines and wrinkles
- Reduces superficial scars
- Refines texture

Usage
After cleansing, apply a thin coat with a fan brush to face and neck. Avoid eye, nose, and mouth openings. Client may experience a mild tingle. Leave on 2-3 minutes (depending on skin type). Remove completely with a wet towel or sponge. Patch test is recommended 24 to 48 hours prior to this peel procedure. Neutralize with baking soda/water mixture if necessary.

A series of 8 to 10 treatments, performed weekly, will progressively improve skin texture, pigment, brightness and tone, and often control many types of acne. For clients looking for an intensified boost, most complexions can tolerate an 8-week series twice a year. Also excellent as part of monthly maintenance facial.

SENSITIVITY/REDNESS

Growth Factor Treatment Cream

Description
A treatment moisturizer fueled by highly nutritious yeast derivatives plus antioxidant-rich vitamins, ideal for accelerated repair and post resurfacing treatments.

Skin Conditions
For all skin types in need of healing and repair.

Sizes Available
0.5 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Epidermal Growth Factor
Growth factors can be derived from several glandular and microorganism extracts, and yeast. Epidermal Growth Factor is a protein consisting of a long chain of amino acids. Epidermal Growth Factors benefit the skin as a super antioxidant that reduces free radical damage. Recent studies have also found Epidermal Growth Factors excellent in reducing inflammation.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as tocopherol, this wonderful vitamin, when applied topically, is well absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Green Tea Extract
This extract is rich in potent antioxidants and helps reduce inflammation and swelling.

Aloe Vera
Improves the circulation and regenerates the cells. Its effects are soothing, astringent, and protecting. Aloe has been recognized for many years as being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive skins, rosacea conditions, and dry skin.

Licorice Root Extract
This botanical extract has been used for hundreds of years for skin care. It is a native of Europe and China. Its benefits include suppressing melanin formation in the skin and it is considered an antioxidant. It is non-allergic, non-irritating, soothing, anti-inflammatory and, has an effect similar to hydrocortisone.

Retinol
A biologically active form of Vitamin A that can be converted to retinoic acid by the skin. Retinol's benefit stems from its vital role in skin growth, maintenance and function.

Pumpkin Seed Oil
This oil is credited with purative properties. It is effective for acne conditions and is anti-seborrheic.

Allantoin
An excellent ingredient for sensitive, acneic and irritated skin conditions. It is a botanical extract derived from the comfrey root and is known to be healing. Furthermore, studies show that this extract aids in the healing of scarred skin by stimulating new tissue growth.

Benefits
- Soothes cracked and dry skin
- Provides powerful antioxidants, and essential fatty acids to moisturize and soften dry, stressed skin
- Great as a daily night cream for dry/sensitive skin

Usage
After cleansing, apply a thin film on the entire face. Wait several minutes before applying additional products such as sun protection. May be reapplied as often as desired.

POWER TOOLS

Lactic Green Tea Peel 25% (pH 3.0)

Description
The “go-to” solution for dull, unevenly pigmented skin, here is peel that smooths and brightens skin without causing dryness. Green tea and willow herb extract enable the skin to enjoy all of the exfoliating benefits of the AHA lactic acid but without irritation.

Skin Conditions
All skin types. Targeted for hyperpigmented, dry or dull skin.

Sizes Available
4 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Salix Alba (Willow) Bark Extract
This botanical extract has been used for centuries. It is a very mild but effective ingredient. Its most common properties are antiseptic, astringent, and anti-inflammatory. Willow extract comes from the bark of the tree and produces salicin, which is a glucoside, salicylic acid. It may also help reduce skin irritation.

Green Tea Extract
Rich in potent antioxidants and helps reduce inflammation and swelling.

Lactic Acid (25%)
An alpha hydroxy acid derived from sour milk, lactic acid has been used for centuries to relieve dry, aged skin. Lactic acid has better water intake than glycerin and studies report that lactic acid has an ability to increase the water-holding capacity of the corneum layer as well as improving the elasticity of the skin. Lactic acid is less irritating on sensitive or dry skin than some of the other AHA ingredients.

Sea Kelp Extract
Sea kelp is found to be stimulating, revitalizing, and nourishing to the skin due to its iodine and sulfur amino acid content, which also provides its anti-inflammatory and disinfectant abilities. Sea kelps moisturizing properties are attributed to its ability to react with protein and form a protective gel on the skin’s surface, reducing moisture loss due to evaporation. It has potential tissue renewal action and a positive effect on wrinkles. It protects sensitive skin against irritation and smooths and softens drier skin types.

Benefits
- Evens out pigment
- Increases hydration
- Refines texture
- Uncovers brightness

Usage
For professional use only. Detailed instructions are found on the product pages of the *Control Corrective Skincare Technical Manual.*

A series of 8 peels, performed weekly, will deliver deep and lasting brightness and evenness while helping fade stubborn age spots and melasma.

SENSITIVITY/REDNESS

Oil Free Sunscreen SPF 30

Description
A lightweight, non-comedogenic moisturizing sunscreen for all skin types. Microfine zinc and other skin defenders offer broad spectrum sunscreen protection from both UVA (the aging rays) and UVB (the burning rays) radiation.

Skin Conditions
For all skin types.

Sizes Available
2.5 oz., 6 oz.

Featured Actives

Zinc Oxide (2%)
This technologically advanced patented formula of zinc oxide blocks both UVA and UVB rays. It provides the broadest spectrum protection of any single sunscreen ingredient. Microfine zinc oxide is an inorganic sunblock, also known as a "non-chemical" sunblock ingredient. It is not absorbed into the skin and is recognized as a treatment for calming irritated skin.

Octinoxate (5%)
This ingredient is an excellent UV absorbing sunscreen. It is non-allergenic, non-comedogenic, and is derived from cinnamon leaves.

Octisalate (3%)
An excellent UV sunscreen ingredient which is non-comedogenic and is derived from salicylic acid, which comes from the leaves of wintergreen.

Oxybenzone (3%) is a derivative of Benzophenone-3
A safe and effective sunscreen ingredient that is one of the most effective and highest rated substances to absorb UVA and UVB rays.

Aloe Vera
This plant extract improves the circulation and regenerates the cells. Its effects are soothing, astringent, and protecting. Aloe has been recognized for many years as also being anti-inflammatory and antibiotic. Aloe is also excellent for sensitive and dry skin conditions.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as Tocopherol, this wonderful vitamin, when applied topically, is absorbed through the skin. It is attributed with reducing skin pigmentation, decreasing functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as a UV protectant.

Comfrey Extract
This herbal extract relieves and soothes tender and inflamed skin. It contains a natural form of allantoin and is credited with healing, astringent, and emollient properties. It has been known to be helpful with sunburn and itching skin conditions. Panthenol - This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment allows for added hydration and suppleness to the skin.

Benefits
- Helps fight free radicals as it protects
- Calms and heals sun exposed skin
- Hydrates and moisturizes

Usage
Apply generously and evenly to skin 15 minutes prior to sun exposure. Ideal for all skin types. Penetrates quickly and leaves skin hydrated. Safe for sensitive skin.

SENSITIVITY/REDNESS

Redness Relief Serum

Description
A soothing lightweight serum with botanical extracts plus skin-balancing vitamins reduce transepidermal water loss, helps strengthen and balance the skin, reduce redness and inhibit future flare-ups.

Skin Conditions
For sensitive, inflamed or Rosacea-prone skin.

Sizes Available
1 oz., 1.7 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Sodium PCA
Serves as a high-performance humectant as it increases the skin moisture content. Derived from amino acids, Sodium PCA is beneficial for all skin types that are dehydrated.

Panthenol
This highly moisturizing ingredient aids in tissue repair and stimulates cellular proliferation. Panthenol also helps the skin promote wound healing and is anti-inflammatory. Its ability to attract water from the environment makes it provide added hydration and suppleness to the skin.

Vitamin E (Tocopherol)
An antioxidant found in essential oils and vegetable oils. Also known as Tocopherol, this wonderful vitamin is absorbed through the skin when applied topically. It is attributed with reducing skin pigmentation, decrease functioning of the sebaceous glands, increasing water retention in the skin, and serving as a super antioxidant and free radical scavenger. It is also helpful as an UV protectant.

Green Tea Extract
This extract is rich in potent antioxidants and helps reduce inflammation and swelling.

Grape Seed Extract
This extract is considered non-irritating and very soothing. It helps reduce redness in the skin. It decongests, acts as an antioxidant, and is anti-inflammatory. It is moisturizing and nourishing to the skin. It has naturally occurring Vitamin C, chlorophyll, and enzymes.

Grapefruit Seed Extract
This seed extract is known for its antiseptic and antibacterial properties. It has naturally occurring Vitamin C and is an antioxidant.

Honey Extract
This extract is composed of a variety of sugars, vitamins, enzymes, and amino acids. It works well when blended with other skin care ingredients and softens and moisturizes the skin. It creates a watertight film and permits the skin to re-hydrate itself.

Benefits
- Soothing and hydrating
- Restores water moisture into the skin.
- Non-comedogenic, lightweight serum
- Calms, soothes and softens the skin

Usage
Apply to the face with fingers and massage in until penetrated. May use as often as desired, typically twice daily, under your moisturizer or sunscreen.

POWER TOOLS

Revitalizing Cream Peel (pH 3.6)

Description
A blended peel for skin that is photo-damaged and on the drier side. Blended with peptides, AHAs and collagen to diminish diminish dryness, hydrate and increase moisture retention.

Skin Conditions
All skin types. Targeted for hyperpigmented, overly dry or dull skin.
DO NOT USE IF ALLERGIC TO ASPIRIN.

Sizes Available
6 oz.

Featured Actives

Lactic Acid (18%)
Lactic Acid was discovered in Sweden in 1780 and has been used for years in cosmetic preparations. An alpha hydroxy acid derived from sour milk, lactic acid has better water intake than glycerin and studies report that lactic acid has the ability to increase the water-holding capacity of the corneum layer as well as improve the elasticity of the skin. Lactic acid is less irritating on sensitive or dry skin than some of the other AHA's. When compared with other water-binding agents, (Sorbitol, NAPCA, Glycerin), clinical tests show that lactic acid outperforms them all.

Salicylic Acid (5%)
Aids in dissolving the top layer of the stratum corneum by virtue of its keratolytic nature. Salicylic acid is a chemical derived from the bark of sweet birch and leaves of wintergreen. In the 5% concentration, it has the most impact with respect to exfoliation at home. Known for its antiseptic qualities as well, this ingredient is excellent for most skin types, except very dry or sensitive skin. The 5% concentration is much higher than the over-the-counter strengths that are typically much lower in strength – (in the neighborhood of .05% - often not strong enough to get the intended results).

Acetyl Hexapeptide-3
One of the newest innovations in cosmeceutical ingredient technology, this active ingredient, also referred to by its trade name, Argireline™, has been found to reduce the depth of wrinkles, especially in the forehead and around the eyes, as well as slowing down the development of wrinkling. Recent studies show that the facial wrinkling is reduced by inhibiting a formation of proteins in the skin that are responsible for provoking facial muscle contractions.

Retinol
A biologically active form of Vitamin A that can be converted to retinoic acid by the skin. Retinol's benefit stems from its vital role in skin growth, maintenance, and function.

Soluble Collagen
Collagen is the main component of the skin's dermal matrix, the structure responsible for the strength, spring and thickness of youthful skin. Soluble Collagen aids in the progressive improvement of skin tone and resiliency.

Carica Papaya Fruit Extract
Beneficial for skin care and repair. Papaya contains Papain, which accelerates the formation of new cells while dissolving dead skin buildup. It also protects the external layers of the skin and builds capillary strength, Papaya reduces the signs of premature aging, giving the skin a smoothness and provides textural improvement.

Benefits
- Smooths fine lines and wrinkles
- Refines skin texture
- Increases hydration
- Improves elasticity

Usage
For professional use only. Detailed instructions are found on the product pages of the *Control Corrective Skincare Technical Manual.* .

A series of 6 to 8 peels, performed every two weeks, will help strengthen, smooth and hydrate delicate or sensitive skin

SENSITIVITY/REDNESS

Sensitive Skin Enzyme Mask

Description
A soothing mask with anti-inflammatory hydration provides instant relief for maximum suppleness as non-irritating exfoliators enable skin to take in and retain moisture more effectively.

Skin Conditions
For sensitive or dehydrated skin.

Sizes Available
2 oz., 8 oz.

Featured Actives

Bentonite
An excellent, non-comedogenic clay that helps calm the skin.

Papaya
Derived from papaya fruit, this non-abrasive ingredient is specific to dead cell digestion. Therefore, the risk of irritation or burning sometimes associated with alpha hydroxy acids is minimized. Softens sebum when activated and steamed on the skin.

Safflower Oil
This botanical seed extract is known to be hydrating and is excellent carrier oil. Safflower oil is non-comedogenic.

Kaolin (China Clay)
This soft powder clay is a mixture of various aluminum silicates. It provides excellent coverage and has good absorption abilities for the oil and sweat secreted by the skin. It is easily removed by normal cleansing procedures and is considered a non-comedogenic ingredient.

Bromelain
Derived from pineapple, this enzyme also digests keratinized cells. It has been used in folkloric medicine as an anti-inflammatory agent and blends with the papain enzyme.

Titanium Dioxide
When titanium dioxide is applied to the skin, it scatters UV light, offering the skin UV protection. This non-chemical SPF reduces the risk of an allergic reaction often attributed to using chemical sunscreens.

Benefits
- Smooths and “polishes” the skin texture
- Hydrates and leaves skin feeling moisturized and calm

Usage
Apply liberally with fingers or a fan brush. Leave on 5-7 minutes then rinse off with water. May be used several times per week if desired to keep the skin glowing.

POWER TOOLS

Vitamin A Micro Peel (pH 2.6)

Description
Clinical treatment to progressively fade hyperpigmentation. In addition to efficient exfoliation, it works to increase cell turnover and stimulation of collagen production.

Skin Conditions
All non-sensitive skin types. Targeted for uneven texture, photo-damaged or hyperpigmented skin.

Sizes Available
4 oz.

NO SYNTHETIC DYES · PARABEN FREE · PHTHALATE FREE · TRICLOSAN FREE · MADE IN THE USA · LEAPING BUNNY

Featured Actives

Retinol (Vitamin A) (10%)
An active form of vitamin A that helps smooth the skin, and reduce the signs of photoaging. Studies show that retinol converts slowly within the skin to retinoic acid and encourages basal cells to divide resulting in more new epidermal cells that migrate up the skin's surface. It then binds to the receptors and activates the cell maturation process in the skin. Retinol penetrates into the skin slowly, over a period of hours, instead of all at once upon application. Retinol will continue to improve the skin by lessening visible wrinkles, minimizing scars and photodamage.

Lactic Acid
An alpha hydroxy acid derived from sour milk, lactic acid has been used for centuries to relieve dry, aged skin. Lactic acid has better water intake than glycerin and studies report that lactic acid has an ability to increase the water-holding capacity of the corneum layer as well as improving the elasticity of the skin. Lactic acid is less irritating on sensitive or dry skin than some of the other AHA ingredients.

Benefits
- Smooths out pigment and texture
- Firms and tightens
- Increases hydration
- Enhances surface glow

Usage
For professional use only. Detailed instructions are found on the product pages of the *Control Corrective Skincare Technical Manual.*

A series of 4 peels, performed every 2-4 weeks, will accelerate the fading of unwanted pigment. May also be used as a booster or add-on to other exfoliation treatments when needed.
